

Cardinal Center Shelter Panel Ads

Cardinal Center offers the opportunity for on-site advertising by allowing vendors and businesses to purchase an ad panel on one of the shade shelters along the trap line or at one of the sporting clays covered shooting stands on our Red or Blue Courses. These panels are placed on the public viewing side of each shelter.

This offers your business extra exposure not only to our thousands of trap and sporting clays shooters during our tournaments, but to additional guests at our facility *all year long!*

Trap Line Shade Shelter Panels: On the grounds we currently have 24 shade shelters allowing the placement of 48 panels.

Each panel is approximately 3' x 7' and is fully laminated for weather resistance. They are printed in full-color and design assistance is available. *You pay for the initial design of the sign then a yearly fee thereafter.

Sporting Clays Station Panels: Each sporting course has 16 stations for your advertising opportunity.

Each panel is approximately 2' x 4' and is fully laminated for weather resistance. They are printed in full-color and design assistance is available. *You pay for the initial design of the sign then you have the option to pay a yearly or five (5) year term thereafter.

For either of these opportunities please contact Sean Alley with SeanThePrinter@gmail.com for your sign design.

Any additional questions regarding advertising please contact us at jakes@thecardinalcenter.com or **567-231-6086**.

**Please note: signs may become weathered or damaged over years of use, you will be responsible for having sign replaced if this occurs.*
