

# 2017 Cardinal Shooting Center Advertising Opportunities

Cardinal Center would like to offer you an opportunity to advertise in our Buckeye Open and Cardinal Classic Tournament Programs for 2017. Advertising in our program booklets offers you additional exposure before our guests even arrive at our facility since these books are mailed prior to each event.

We also have the opportunity for you to advertise, on-site, by purchasing an ad panel (approx. 3' x 7') on one of the shade shelters along the trap line. This offers your business extra exposure not only to our trap shooters during our tournaments, but to additional guests at our facility all year long!
